Thursday - Day 1

Today, October, 20th, 2016, was the first day of the 4th Edition of Romanian Master of Informatics at “Tudor Vianu” National High school of Computer Science in Bucharest. A competition meant for the brightest of minds from all over the world in the field of informatics and computer science, this year’s contest boasts 19 teams from eight different countries: Bulgaria, Macedonia, Republic of Moldova, Poland, Romania, Russian Federation, Serbia and Switzerland.

The teams were greeted by their enthusiast Romanian student guides, who had been looking forward to meeting them all day long. The competitors were helped with the checking in and, even though most would have liked to have a tour of the city, due to the lack of time, they made their way in town for a brief lunch before the opening ceremony.

At 5:30 PM, all participants and their team leaders gathered in Aula Magna of The Bucharest Academy of Economic Studies in order to attend the official beginning ceremony of our competition and to meet all the other candidates.

Mrs Corina-Elena Vint, our school’s principal gave a warm welcome to everybody, wishing them good luck and a pleasant stay here in Romania. Some words of encouragement came from the prefect of Bucharest, Mr. Paul Nicolae Petrovan. Moreover, the team leader from Switzerland addressed the audience briefly giving some insights regarding the contest, in his position as former contestant. Our colleague Tea Gheorghe from 11th B hosted the event, calling forward all the participants, one by one, to have memorable photos taken of them and their team leaders carrying their national flags.

Each participant and the leaders who guide them during the competition have received a badge with the colors of the Romanian flag. Together with their student guides, the competitors returned to Moxa student hostels for dinner and, right after, they turned in early for the night, as the following morning would mark the beginning of the competition. Therefore, we would like to welcome everyone to Bucharest and wish them good luck for the next two days!
